# THE ODYSSEY

Form and Function in one stapler

## 10 REASONS WHY THIS IS A STAPLING BREAKTHROUGH

### 1 One stapler for all

The Odyssey is the only stapler you need to meet all your needs. It will staple just a couple of sheets or up to 60 pages\*.

\*Using 80gsm paper

### 2 Easy to use

The Odyssey's unique leverage design requires 30% less force to use than a conventional stapler.

The unique handle shape with superb leverage allows fingertip operation for most jobs.

### 3 Modern design

The sleek, attractive styling of the Odyssey looks great on your desk both in the office and at home.

### 4 Economic sense

The Odyssey is attractive and affordable. It combines all your stapling needs in one, from desktop to heavy duty and comes with 500 FREE staples.

### 5 Unique staple

The Odyssey uses a single staple type so you always have the right staple in stock.

Just one staple will secure 2 to 60 sheets of paper.

### 6 Simple to load

The Odyssey is easy to load, with top loading for staples and a "jam free" mechanism.

### 7 Durable

The Odyssey is made from hard, durable metal, built for years of trouble free stapling. Its solid die cast construction ensures long life, and has a quiet staple operation.

### 8 Compact

The Odyssey's compact design means it takes up minimal space on your desktop, measuring only 9" long and 1 3/4" wide.

### 9 Non-slip base

The Odyssey's full length non-slip rubber base pad will protect work surfaces and ensures the stapler does not move when stapling.

### 10 Industry endorsed

#### PRODUCT OF THE YEAR 2001

The Odyssey's award winning design means it is the sleekest, most attractive stapler you will ever own.
